

# *Argonautics*

- Did not publish last year, but plan to this summer
- Want to keep content interesting and appropriate for general Argo users – this is the chance to connect with them about data issues, technology, workshops, outreach, etc
- Due to various other duties, this will continue to be published when good content is ready and time permits

# Possible Articles

- An education or outreach article
  - Lady Amber's outreach work (P. Flannegan & T. Morris)
  - Story of P-M Poulain helping Lebanese scientists learn about Argo floats & the re-deployment of float (B. Klein)
  - PICES summer school (Freeland)
- NA-ARC's API (G. Maze)
- Deep float developments in US, France, Japan
- Introduce new V3.0 files, core-Argo, B-Argo, M-Argo files
- Introduce Argo thesis citation list
- Argo animation from IMOS for kids (<http://www.youtube.com/watch?v=WGbanFvBX38>)
- Report on GODAE OV Symposium and upcoming workshop
- Argo and DOI's (J. Buck)
- Other ideas?
