

**STATMOS-SIO Workshop on Argo Data Statistics
At Scripps Institution of Oceanography, La Jolla, CA
April 25-27 (Tuesday-Thursday), 2017: 9:30am-6pm**

Agenda

See the attached SIO campus map on Page 3 for the workshop room locations and parking space

Schedule at a glance

Day 1: April 25, Tuesday in Room 251 MESOM (Marine Ecosystem Sensing, Observation and Modeling Building)

9:30am-12:00pm	Presentations
12:00-1:30pm	Lunch in the workshop room delivered by Cups: pre-ordered by participants
1:30-4:15pm	More presentations and start of the discussion.
4:15-6:00pm	Reception at Martin Johnson House T-29

Day 2: April 26, Wednesday at Martin Johnson House T-29

9:30am-12:00pm	Group work and discussion
12:00-1:30pm	Lunch in the workshop room delivered by Cups: pre-ordered by participants
1:30-2:00pm	Visit to the Argo lab
2:00-5:00pm	Group work and discussion
5:00-6:00pm	Presentations by each working group

Day 3: April 27, Thursday at Martin Johnson House T-29

9:30am-12:00pm	Group work and discussion
12:00-1:30pm	Lunch in the workshop room delivered by Cups: pre-ordered by participants
1:30-4:00pm	Group work and discussion
4:00-6:00pm	Presentations by each working group, discussion, and summary

Schedule details

Day 1 **April 25, Tuesday in Room 251 MESOM**

9:30- 10:15pm	Breck Owens:
10:15-11:00am	Sarah Gille: Mapping pressure from Argo trajectories: Non-divergent flow constraints, uncertainties, and bias
11:00-12:00am	Gregory C. Johnson: Advantages and challenges of Argo isopycnal/mixed layer mapping
12:00-1:30pm	<i>Lunch</i>
1:30-2:15pm	Matt Mazloff: Beyond temperature and salinity: multivariate analysis to map the sparse biogeochemical-Argo array

- 2:15-2:45pm **Paul Chamberlain:** Observing the ice covered Weddell Sea with profiling floats: position uncertainties and correlation statistics
- 2:45-3:05pm **Dean Roemmich:** The future of Argo
- 3:05-3:30pm **Dan Rudnick:** A climatology of the California Current System using data from the California Underwater Glider Network
- 3:30-4:15pm Organizing working groups and initiating discussion in each interest group
- 4:15-6:00pm Reception at Martin Johnson House T-29
-

Day 2 **April 26, Wednesday at Martin Johnson House T-29**

- 9:30- 11:30am Group working: Working and discussion in separate interest groups
- 11:30- 12:00pm Presentations by each interest group
- 12:00-1:30pm *Lunch*
- 1:30-2:00 **Visit to the Argo lab**, hosted by Dean Roemmich, start at 1:20pm from T-29
- 2:00-5:00pm Group working: Working and discussion in separate interest groups
- 5:00-6:00pm Presentations by each interest group
-

Day 3 **April 27, Thursday at Martin Johnson House T-29**

- 9:30- 11:30am Group working: Working and discussion in separate interest groups
- 11:30-12:00pm Presentations by each working group, discussion, and summary
- 12:00-1:30pm *Lunch*
- 1:30-4:00pm Group working: Working and discussion in separate interest groups
- 4:00-6:00pm Presentations by each working group, discussion, and summary
-

Contacts:

Sam Shen: sam.shen@sdsu.edu, cellphone 619-313-7450

Donata Giglio: dgiglio@ucsd.edu

Art Miller: ajmiller@ucsd.edu

Parking:

Park at P012, P013 or P014 (see the attached SIO campus map on the next page), come to the workshop room to get a parking permit from one of the organizers, and put it on your car dashboard.

Coffee, cookies and water will be provided at the workshop
